THE WEEKLY DIGEST

INDEX TO VOLUME 58

JULY THROUGH DECEMBER 1969

Items in QUOTE are arranged alphabetically according to subject matter. In the semi-annual index, the first numeral in each reference indicates the page, therefore "Advertising — 26;" tells you that an item on Advertising will be found on page 26.

One or more letters following a page number, refer to material in regular departments. For example: "Academic Life — 35-ED;" indicates that an item on that subject is in Ecumenical Dialogue on page 35. The reference to "Ambition 571-g;" means that an item on that subject will be found in the regular Good Stories section on page 571 under index letter g.

Quotations in the section May We QUOTE You On That? are also numbered and a reference such as "Government, Policy — 409-6Q;" refers to a quotation on that subject on page 409 in the May We QUOTE . . . section. When the letter "t" follows the Q as in the reference "Age, Old — 456-3Q-t;" it indicates the special Quote-ette feature on page 456.

A complete list of department abbreviations appears below:

AK — It Takes All Kinds

SECTION TWO of this index alphabetically lists the names of all individuals quoted in this volume of QUOTE, as well as all persons to whom reference is made in any quotations or departments. The same reference symbols apply in both sections of the index.
